## FIRE HYDRANT USE PERMIT (for Swimming Pool Contractors)

Name of Company:	Phone:
Address:	

I/We have read and understand the Huntsville Utilities Fire Hydrant Water Use Policy, and do hereby agree to abide by said Policy for all water obtained from fire hydrants in the Huntsville Utilities Water System.

It is understood that we must give notification and obtain permission for each use. Notification shall include address of fire hydrant, time and date to be used, and amount of water to be taken, and shall be given to the Water Engineering Section at 535-1400, or if after normal working hours to the Water Treatment Plant at 881-6281 or 652-8500. In all cases, notification of proposed use and address shall be given to the Water Treatment Plant **immediately prior to use.**

I/We agree to use proper fire hydrant wrenches and to open and close fire hydrant **SLOWLY** to prevent problems in the Water System, and to be totally responsible for any and all damages to fire hydrants, city water mains, customers plumbing or other parts of the Water System caused by improper use of fire hydrants. Signature below shall indicate acknowledgment of these responsibilities and liabilities.

I/We understand this permit is good for one year only (July 1, 2009 - June 30, 2010), that it must be renewed on an annual basis, and that all billings will be made direct to the company listed above. It is also understood and agreed that failure to properly notify Huntsville Utilities of fire hydrant usage shall be sufficient cause for increased charges or for revocation of this permit.
