

Valley Commitment Program

Highlights

The Valley Commitment Program (VCP) is designed to attract, retain and expand jobs and foster economic growth across the Valley. Programs like VPC are designed to help drive economic recovery in this region as we collaborate on a longer-term plan.

Availability

The VCP is an optional program available to customers that meet the following requirements:

- Manufacturing customers with contract demands greater than 1,000 kW (VCP Customers eligible to receive Small Manufacturing Credits will receive the VCP credit on the same energy sales base)
- Power contract term through September 30, 2015*
- VCP officially begins on October 1, 2013
- VCP will not apply to energy priced under Start-up & Test Power, Real-time Pricing, Standby Power, or Interruptible Standby Power

Credit

In any month when the metered demand for firm power exceeds 1,000 kW, a credit of 0.2¢ per kWh is applied to all eligible kWh of firm energy.

*If a customer's contract is set to end during the two-year commitment period, the customer must agree to extend its contract through at least September 30, 2015
