

H

ow is an Easter egg like Natural Gas?

**There's always
one egg that can't
be found ...**

until you smell it!

Natural Gas is odorless.

In order to make it easier to detect a gas leak, a chemical, mercaptan, is added. This chemical smells like rotten eggs.

Do you know what to do in
case of a gas leak?

Immediately leave the location,
THEN call 9-1-1 or Huntsville Utilities at
256-53LIGHT (535-4448).

Take *Advantage* of Mild
Spring Weather to **lower**
your **Summer & Winter** *utility bills!*

**Average
Monthly
Billing**

By paying the average of 12 months of utility bills, you lower the higher summer and winter payments by paying more during the mild spring and fall weather months.

- AMB is an optional program.
- AMB is designed to evenly distribute your annual usage over 12-monthly payments.
- AMB payments are based on the average of your current 12-month history.
- The oldest month is replaced with the new month, updating the average monthly amount (a rolling average).
- AMB is not designed to save money. It is designed to average your payment over 12 months.

Customers that need to make payment arrangements cannot use this program. If you discontinue the program or close your account, any deferred balance will be due in full.

Call
256-535-1200
to sign up for
AMB.
