Huntsville Utilities' Field Trips During October

During October Huntsville Utilities will host 1,400 students from 14 schools. Fourth grade classes from Madison City, Madison County, Huntsville City and local private schools are invited to participate in the full-day learning experience held each year.

Students are challenged to think of creative ways to save energy as they progress through demonstrations from the Electric, Water and Natural Gas departments throughout the day. The energy-saving techniques they learn, and even create, are taken home and shared with parents and other family members.

Education Programs

Sign Up to Round Up!

You can directly support students and teachers at Huntsville City, Madison City and Madison County schools by rounding up your utility bill to the nearest dollar each month.

Sign up is fast and easy!

Call 256-535-1200 and speak with a Customer Representative for enrollment assistance.
