

We're
#COMMUNITYpowered

Huntsville Utilities is one of 2000 community-owned utilities in the nation.

Huntsville Utilities was established in 1940 as a **community-owned** utility company.

We complement our **reliable, lower than average costs** utility services with **educational programs** for the youth and adults, as well as **community service programs** such as Project Share.

To celebrate community power utility service, the American Public Power Association is giving prizes to randomly-selected Tweet and Instagram photos and videos featuring public power utilities using the hashtag **#CommunityPowered** October 12th through November 30th. For more details visit **www.wearecommunitypowered.com**.

We are Proud to serve Madison County and surrounding areas.
